EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

1. This communication is an Examiner's reasons for allowance in response to the Request For Continued Examination Application 10/040,221. As per request, claims 1-54 have been canceled. New claims 55-84 have been added.
2. The following is the Examiner's statement of reasons for the indication of allowable subject matter:
 - a. After carefully reviewing the application in light of the prior art of record, the newly added claims and additional search of all the possible areas relevant to the present application, a set of related prior art references has been found, but those prior art references are not deemed strong to make the application unpatentable. Thus, it is found that the application is now in condition for allowance.
 - b. Although the prior art disclose several claimed limitations, none of the references teaches a method for creating an uncertainty-based trajectory for a moving object which includes the steps of obtaining a sequence of expected locations for the moving object including a starting point, destination point and intermediate points, computing a temporal-spatial path along those points, and constructing a trajectory that encompasses all possible temporal-spatial path along which the moving object may travel from within a range of spatial and temporal uncertainties relative to the temporal spatial path (claims 55, 61, 66, 70 75 and 79).
 - c. Claims 55-84 are allowable over the prior art of record (now renumbered as 1-30).
3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Tan Nguyen, whose telephone number is (703) 305-9755. The examiner can normally be reached on Monday-Thursday from 5:30 AM-4:00 PM
